Once certified, a production or handling operation's organic certification continues in effect until surrendered, suspended or revoked. For the validity of CERES NOP certificates, see <https://organic.ams.usda.gov/integrity/>. To assure traceability, we recommend trade partners to request from CERES transaction certificates for each shipment of organic product.

Note that this certificate applies only to the organic mode of production and not to any other aspect of food quality. CERES authorises the above-mentioned operator to use the CERES seal on the organic products specified above. The CERES Seal is property of CERES GmbH, Happurg, Germany. The USDA seal may not be used on products "made with organic ingredients".

CERES is accredited by the US Department of Agriculture (USDA) (see www.ams.usda.gov/nop)

The list of subprojects and the list of approved farmers (AFL) form an integral part of this certificate.
